

## 303® High Tech Fabric Guard™

The only product recommended by and for Sunbrella® fabric to replenish and restore lost water repellency. Fabrics should be re-treated after a thorough cleaning using 303® Fabric/Vinyl Cleaner™ to keep them looking great year after year! 303® High Tech Fabric Guard™ offers unbeatable protection against soiling, water-based and oil-based stains!

### Tips for Use:

Use only on newly cleaned, dry fabrics. For best results use 303® Fabric/Vinyl Cleaner™ prior to retreating. In a well-ventilated area, spray on 303® High Tech Fabric Guard™ until wet, overlapping sprayed areas. Do not saturate. Allow fabric to dry thoroughly before using or storing. For best results retreat in warm weather, at least 70°F up to 120°F. If possible, allow fabric to dry in direct sunlight to ensure proper curing. Apply at a rate of 50-75 sq. ft. per 16 oz or 500-800 sq. ft. per gallon. Check water repellency monthly; repeat as necessary.

### Applications & Uses:

- Treats Synthetic & Natural Fibers & Blends
- Protects Umbrellas, Awnings & Canopies
- Protects Cushions/Pillows
- Seals Seams

PERFORMANCE  
PROTECTANTS AND CLEANERS

# CLEAN. PROTECT. ENJOY.

### 303® High Tech Fabric Guard™

Replenishes and restores water repellency to factory new levels. Protects against soiling, water-based and oil-based stains. Safe on a variety of fabrics.

### 303® Protectants

Most effective UV blockers. Keeps surfaces looking new. Prevents surfaces from fading and cracking. No oily residue. Great for use on vinyl, rubber, fiberglass and much more.

### 303® Cleaners

Safely removes most difficult stains. Safe for all water-safe fabrics and surfaces.

Vinyl • Plastics • All-Weather Wicker  
Powder-Coated Metal • Fiberglass  
Teak • Stainless Steel • Textiles

Outdoor spaces have become an extension of our home and caring for your outdoor space is equally important. Harsh weather conditions and environmental factors can wreak havoc on your outdoor furniture. 303® Performance Protectants and Cleaners offer premium solutions to protect and extend the life of your outdoor furniture.

## 303® Patio Furniture Cleaner

303® Patio Furniture Cleaner utilizes a proprietary blend of cleaning agents to lift and suspend contaminants that are then easily rinsed away. 303® Patio Furniture Cleaner is particularly effective on oil, grease and environmental contaminants. This product is safe to use full strength or diluted with water on any water-safe surface. The cleaning action of this product increases with warm water, agitation and longer dwell time.

### Tips for Use

Spray surface and wipe with a clean, wet cloth. For tough stains, allow to penetrate before wiping clean.

## 303® Fabric/Vinyl Cleaner™

303® Fabric/Vinyl Cleaner™ has been recommended by and for Sunbrella® fabrics for many years. 303® Fabric/Vinyl Cleaner™ rinses residue-free and is the best cleaner for fabrics prior to “re-treating”. It provides excellent value and cleaning power without any harmful chemicals that could damage fabric or stitching. Safe for all water-safe fabrics and vinyl surfaces.

### Tips for Use

Rinse the surface with clean water. Use 1/2 cup or more of 303® Fabric/Vinyl Cleaner™ in one gallon of warm water, spray or brush on surface. Allow cleaner to penetrate, agitate with a soft bristle brush and rinse thoroughly. For heavier soils, increase agitation and soak time. Repeat if necessary.

## 303® Protectants

303® Protectants are recommended because they do not contain petroleum distillates, alcohol, mineral oil or harmful silicone oils.

303® Protectants provide superior protection against harmful UV rays that can cause loss of mechanical properties such as: discoloration, fading, embrittlement, cracking and/or chalking.

303's® unique technology restores lost color and luster providing surfaces a "like new" appearance and leaves behind an anti-static finish that repels smudges, dust, dirt and soiling. Best of all... no oily or greasy residue!

### Tips for Use

Always start with a clean dry surface. For best results use 303® Fabric/Vinyl Cleaner™ or 303® Patio Furniture Cleaner. Simply spray the protectant directly onto desired surface until wet and polish dry with a clean microfiber towel. For ultimate protection repeat every 3-4 weeks.

### Pool/Spa Applications

- Spa/Pool Covers
- Spa Cabinets
- Spa Shell
- Spa Headrest
- Fiberglass
- Vinyl Pool Liners – above waterline

### Outdoor Furniture Applications
