

FLOATING LUXURIES®

2023 Product Catalog

About Us

Floating Luxuries is located in sunny Jacksonville, Florida. We create and manufacture innovative, high-end floats and sunshelf loungers.

Our floats are filled with just the right amount of bouyant beads to ensure the ultimate floating experience. All of our Kai® floats allow you to keep cool and refreshed while basking in the sun. Kai® Floats surround you in comfort as the beads create a cradling effect to support your body while still allowing you to be partially in the cool water.

In the pool, at the beach, on the boat, by the ocean, lake or river, enjoy pleasurable relaxation as you never imagined possible.

Meet the Kai® Shelf Lounger

Luxury meets total comfort in our sleek and ergonomically designed Kai® Shelf Lounger. Constructed of quality materials, engineered to fit the body and designed with convenient built-in features, our Lounger ensures an unparalleled aquatic relaxation experience.

Kai® Shelf Loungers

Relax in Luxury in our in-pool Lounger. Stay cool and relaxed on the contoured and comfortable Kai® Shelf Lounger that keeps you partially in the water.

Sold in sets of 2

- True resort width: 26.5 inches (67.3cm) wide
- Constructed of durable UV20+ rated material to withstand 20,000+ hours of direct sun
- Built-in cup holder and phone holder
- Drain port in chair prevents water and dirt from collecting
- Easy set-up, easy cleaning
- Safe to use in saltwater or chlorine pools
- Sunshelf must be a minimum of 66 inches in length
- Made in the USA of all USA materials

Kai® Shelf Lounger

Measuring is Important

The Kai® Shelf Lounger is designed for use on in-pool tanning shelves with 9 inches (22.8 cm) of water or less. This water depth is critical for keeping the lounger stationary.

Kai® Shelf Lounger Resort Pillow

The Kai® Shelf Lounger Resort Pillow will enhance your relaxation experience. Featuring an adjustable VELCRO® Brand hook and loop fastener strap to securely attach to any lounge chair.

Sold in sets of 2

Kai® Shelf Lounger Deep Water

Measuring is Important

The Kai® Shelf Lounger Deep Water is designed for use on in-pool tanning shelves with 16 inches (40.64 cm) of water or less. This water depth is critical for keeping the lounger stationary.

Kai® Side Table & Luxury Umbrella

Kai® Side Table

The Kai End Table is the perfect table for in-pool or deck use. Designed with ample room for ice buckets, towels, books and iPads. Elliptical top surface is 19" x 23". Works in up to 16" of water. Fill with water to allow table to hold umbrellas with 1.5" (3.8cm) diameter poles. The umbrella hole also acts as a drain for rain or liquids that get on the surface. Round base measures 24" in diameter. Durable holding strength allows you to use on

pool shelves that do not have sleeves built-in. Unique two-point grip design holds the umbrella securely in place to resist wind and helps prevent tipping or lifting. Table is 20 lbs. empty. Constructed of durable UV20+ rated material designed to withstand 20,000+ hours of direct sun. Made in the USA of 100% USA materials. Dimensions: Top surface: 19" x 23" (48.25 x 58.4 cm). Base: 24" dia. (61 cm dia.) US Pat. No. 8,167,672

Kai® Luxury Umbrella

The Kai Luxury Umbrella is a modern designed 7.5' octagonal shaped umbrella. Provides 3-3/4' of shade all around the umbrella. The white fiberglass one-piece 1.5" diameter pole will not rust, pit, or degrade in saltwater or chlorine pools and prevents metals from bonding to the pole, which can cause the pole to become permanently stuck in pool sleeves. Solid fiberglass ribs are extremely strong and flexible. This umbrella is resort quality and survives year after year in the

harshest environments. Made of superior easy-to-clean, acrylic marine fabric that provides great protection from the sun, the top air vent provides greater stability by allowing wind to pass through. All hardware is stainless steel to prevent rusting. Easy to secure with multiple locking positions. Made in USA from domestic and foreign components. Dimensions: 7.5' octagon | (228.6cm octagon)
