

FIRE BOWL

GLOSTER
TEAK, CRAFTS & INNOVATION

INSPIRATION & OVERVIEW

Like moths to the light, we are all drawn towards a flickering flame. As the day draws to a close and the temperature drops, gather around to relax with friends and family. The Deco Fire Bowl creates the perfect focal point to enjoy the setting sun whilst enjoying the warmth of good company.

The Deco Fire Bowl is available in two sizes - a petite [35in](#) version and a more imposing [53in](#) diameter version. Both feature removable, cast steel legs and are made from heavy-duty [6mm](#) mild steel finished in a tough, heat-resistant, Jet colour paint. An adjustable ventilator / ash tray sits underneath the bowl to catch any falling embers and to assist with air-flow when lit.

ABOUT THE DESIGNER

Born in 1967, Henrik Pedersen graduated as a fashion designer in 1990 and now runs 365°, a Danish design studio based in Aarhus that focuses on lifestyle-based design, ranging from furniture and lighting to projects for clothing and food packaging companies. His furniture designs are characterized by elegance, exquisite materials, and formal clarity. Henrik says "In our design solutions we adopt an international approach since our market place often spans the world. Our clients are both Danish and international enterprises and from many different lines of business. An important aspect of our work is keeping up with market trends, and therefore travelling, exploring and being inspired by the moment are essential to being able to see beyond tomorrow. For me, design must have a meaning. The shape, colour and choice of materials have to complement each individual design. Good design is functional, beautiful and easy to understand."

ABOUT GLOSTER

As life gets faster and more complex, the need for quality time and space - the freedom to be you - grows too. At Gloster we open doors to timeless beautiful exteriors where your furniture sets the mood, just the way you want it to be. And we take the long view, using only the very best materials and techniques available. Our aim is your pleasure - to be enjoyed in countless special moments outdoors.

With offices world-wide and our own manufacturing facility in Indonesia, Gloster's roots can be traced all the way back to West Africa in 1960, where a band of passionate entrepreneurs and furniture makers took the first steps on a long journey. Today, the same passion, conviction and pride that launched the Gloster brand, continues to fuel our business. We may live in a different world than the one occupied by our founders, but one thing remains the same - we are furniture makers whose sole focus is to design and build the world's finest outdoor furniture.
