TEAK, CRAFTS & INNOVATION

INSPIRATION & OVERVIEW

What is a home without a few unique enhancements to add that final touch of Style? The Deco range of occasional items is the stylish way to bring your outdoor experience to life.

Outdoor living and cool, refreshing water goes together and the new Deco Garden Shower offers exactly this. Free placement due to the teak base and a pleasant surface to put your feet on. Always nice to the touch, Teak is the perfect choice for this interaction, because it's never hot in the sun, and never cold in the shade. The teak base is combined with a clear and defined design for the frame- based on lower and upper rings, connected by one single straight line. To finish the design, a shower head in a warm, polished brass colour is a subtle reference to the real solar disc above.

ABOUT THE DESIGNER

Born in 1967, Henrik Pedersen graduated as a fashion designer in 1990 and now runs 365°, a Danish design studio based in Aarhus that focusses on lifestyle-based design, ranging from furniture and lighting to projects for clothing and food packaging companies. His furniture designs are characterized by elegance, exquisite materials, and formal clarity. Henrik says "In our design solutions we adopt an international approach since our market place often spans the world. Our clients are both Danish and international enterprises and from many different lines of business. An important aspect of our work is keeping up with market trends, and therefore travelling, exploring and being inspired by the moment are essential to being able to see beyond tomorrow. For me, design must have a meaning. The shape, colour and choice of materials have to complement each individual design. Good design is functional, beautiful and easy to understand."

ABOUT GLOSTER

As life gets faster and more complex, the need for quality time and space - the freedom to be you - grows too. At Gloster we open doors to timelessly beautiful exteriors where your furniture sets the mood, just the way you want it to be. And we take the long view, using only the very best materials and techniques available. Our aim is your pleasure - to be enjoyed in countless special moments outdoors.

With offices world-wide and our own manufacturing facility in Indonesia, Gloster's roots can be traced all the way back to West Africa in 1960, where a band of passionate entrepreneurs and furniture makers took the first steps on a long journey. Today, the same passion, conviction and pride that launched the Gloster brand, continues to fuel our business. We may live in a different world than the one occupied by our founders, but one thing remains the same - we are furniture makers whose sole focus is to design and build the world's finest outdoor furniture.
