**GLOSTER**  
TEAK, CRAFTS & INNOVATION

## INSPIRATION & OVERVIEW

As the sun's arc describes another day, fleeting clouds and spreading shadows create a patchwork of light and shade. Pushed and pulled by transient light, breezes dip and roll alternately soothing, then interrupting moments of calm. Days outdoors will always bear the weight of uncertainty. There is no perfect solution. But there is a way to move with the elements - to embrace each changing instance to its fullest.

Daringly mobile, brazenly inviting, unashamedly indulgent. Rarely has a piece of furniture appeared so unequivocally fit for purpose. Zenith marks the peak of the Gloster design aesthetic. A blend of diverse materials combined in a lounge collection that is simple, yet striking. Modern yet familiar; luxurious yet practical.

Conceived by Danish designer Henrik Pedersen, the Zenith collection consists of a stylish Lounger, matching Lounge Chair, Lounge Chair with Arms and Ottoman. All pieces are based on a softly profiled tubular aluminium frame offering a perfect balance of strength and style which is finished with a resilient Meteor colour powder coat. Seats and backs are formed in one continuous plain from hand woven, subtly textured Wheat colour outdoor wicker and topped with luxurious partitioned seat pads available in a variety of weather resistant fabrics. Needless to say, each seating piece is completed with the addition of bold disc wheels, colour matched to the frame and embraced with slim, non-marking rims for absolute ease of movement on all types of surface.

Zenith's designer, Henrik Pedersen is driven by reaching for the heights of fine design, declaring; "This is all about the very top - the peak of comfort. The summit moment of your day. The perfect combination of considered design and perfect materials delivering a flawless experience. So of course, what name but Zenith could suffice?".

#### ABOUT THE DESIGNER

Born in 1967, Henrik Pedersen graduated as a fashion designer in 1990 and now runs 365°, a Danish design studio based in Aarhus that focusses on lifestyle-based design, ranging from furniture and lighting to projects for clothing and food packaging companies. His furniture designs are characterized by elegance, exquisite materials, and formal clarity. Henrik says "In our design solutions we adopt an international approach since our market place often spans the world. Our clients are both Danish and international enterprises and from many different lines of business. An important aspect of our work is keeping up with market trends, and therefore travelling, exploring and being inspired by the moment are essential to being able to see beyond tomorrow. For me, design must have a meaning. The shape, colour and choice of materials have to complement each individual design. Good design is functional, beautiful and easy to understand."

#### ABOUT GLOSTER

At Gloster we open doors to timelessly beautiful exteriors where your furniture sets the mood, just the way you want it to be. And we take the long view, using only the very best materials and techniques available. Our aim is your pleasure - to be enjoyed in countless special moments outdoors.

With offices world-wide and our own manufacturing facility in Indonesia, Gloster's roots can be traced all the way back to West Africa in 1960, where a band of passionate entrepreneurs and furniture makers took the first steps on a long journey. Today, the same passion, conviction and pride that launched the Gloster brand, continues to fuel our business. We may live in a different world than the one occupied by our founders, but one thing remains the same - we are furniture makers whose sole focus is to design and build the world's finest outdoor furniture.
